

A document containing the following information for each year since 1 July 2016:

Question 1. The number of DUI fines issued

**Number of drink driving offences issued in Queensland from 1 July 2016 to 28 February 2018**

Year	Total
1 July to 31 December 2016	8,993
1 January to 31 December 2017	16,174
1 January to 28 February 2018	2,417

**Please note the following:**

Transport and Main Roads (TMR) allows a 3 month lag for extracting and providing offence data. This allows for completeness of data and time for the offence notice to be forwarded from Queensland Police Service (QPS) to TMR for entering into the system. The 3 month lag includes the 28 day period for the alleged offender to pay or respond to the offence notice. Some offence categories will still be understated due to the prolonged time it takes for these matters to be finalised (e.g. Drink Driving offences).

Offence data was extracted on 20 June 2018 and is subject to change.

Released under FOI - DTMR

Released under RTI - DTMR

A document containing the following information for each year since 1 July 2016:

Question 3. The dollar value in DUI fines issued

**Please note the following:**

Transport and Main Roads (TMR) allows a 3 month lag for extracting and providing offence data. This allows for completeness of data and time for the offence notice to be forwarded from Queensland Police Service (QPS) to TMR for entering into the system. The 3 month lag includes the 28 day period for the alleged offender to pay or respond to the offence notice. Some offence categories will still be understated due to the prolonged time it takes for these matters to be finalised (e.g. Drink Driving offences).

Offence data was extracted on 20 June 2018 and is subject to change.

The 'total face value' for offences is calculated using the court fine amount value multiplied by the number of offences issued.

A document containing the following information for each year since 1 July 2016:

Question 4. The top five DUI fine recipients over the past year including details of their fines, their postcode, and the number of DUI fines they received and any related photos/CCTV/video footage.

**Please note the following:**

Transport and Main Roads (TMR) allows a 3 month lag for extracting and providing offence data. This allows for completeness of data and time for the offence notice to be forwarded from Queensland Police Service (QPS) to TMR for entering into the system. The 3 month lag includes the 28 day period for the alleged offender to pay or respond to the offence notice. Some offence categories will still be understated due to the prolonged time it takes for these matters to be finalised (e.g. Drink Driving offences).

Offence data was extracted on 20 June 2018 and is subject to change.

The top nine (9) drink driving offenders have been provided. The top two (2) drink driving offenders were each issued five (5) drink driving offences from 1 March 2017 to 28 February 2018 and the next seven (7) drink driving offenders were each issued four (4) drink driving offences in the same period.

The offence location and court fine amount have not been entered into the Transport Registration And Integrated Licensing System (TRAILS) Database in some cases therefore these details are not available for some offences.

Transport and Main Roads (TMR) do not have access to photos / CCTV / video footage for any offences issued by Queensland Police Officers.
